

Small Group Health Assessment

Read: Acts 2:42-47 (note the relational, transformational and missional emphasis of Acts church)

Small Group Members: Rate how you think your group is doing for each item listed below

(1 = needs major improvement...10 = strength for group)

Relational

- Trust level high enough for people to be vulnerable with one another _____
- Group deals with conflict biblically _____
- Express care in tangible ways outside of group time _____
- Rally around each other in times of crisis _____
- Follow-up questions asked about prayer requests _____
- Initiate social connections outside of group meetings _____
- Consistent small group attendance _____
- General positive attitudes (want to be there, look forward to coming) _____
- Everyone (not just leader/s) has high degree of ownership in group _____
- Group members using gifts to serve one another _____

Transformational

- Everyone contributes to discussion _____
- Studies are relevant _____
- Studies are centred in Scripture _____
- Personal, practical application is made for each study _____
- Prayer time is significant and focused (not a bolt-on) _____
- Group time is contributing to spiritual growth of group members _____
- Group members appropriately challenge each other _____
- Group members investing in their own spiritual development _____

Missional

- As a group praying specifically for people (by name) who don't know Christ yet _____
- Inviting others to join group _____
- Preparing to multiply (birth new groups) _____
- Serving together in community _____
- Accountability for small group members serving in the church _____
- Intentional about embracing ethnic diversity _____

Generally

What you like best about your small group?

What ideas do you have for making your group even more effective?

What is your priority expectation(s) for your small group? Label in order of priority:

Relational

Transformational
