

Persevering Faith | Hebrews 11:24-29

- 1. What stands out to you about this passage? Is there anything you are encouraged by? Is there anything that challenges you? Is there anything you're struggling to understand?
- 2. What stands out to you about the story of Moses? What encouragements and challenges do you find there? Is there anything from Moses' life that you want to learn from and put into practice in your own life?
- 3. What does persevering faith look like? How should we understand persevering faith in light of our sin, suffering and struggles? Do you have any testimonies of when God has held you during those times of difficultly and you have persevered? What does "successful faith" look like? (see Hebrews 11:32-40)
- 4. Faith considers the invaluable. What do you think Moses considered as he chose to stand with God's people? If Moses thought himself so rich in God, how much more should we! (see Hebrews 3:1-6). Where in your life do you need to remind yourself of your riches in Jesus? How might this affect your faith?
- 5. Faith sees the invisible. How do you practically see Jesus in your day-to-day life? Share with one another testimonies and encouragements of how you practically walk by faith. How might a greater view of Jesus impact your work, school, family life?
- 6. Moses has to wait a long time (40 years!) between fleeing Egypt and returning to free the people of Israel. Where might God be calling you to wait for him? What does waiting for God even look like? How can we wait well?
- 7. Moses faced many ups and downs in his faith, yet he persevered. Why do you think that is? What does the balance look like between walking by faith and being carried by Jesus? Do you think there is a balance? Share passages with each other on both aspects of this.
- 8. Spend some time praying for each other. Reflect on your riches in Jesus together. Pray that God would give you strength to persevere in faith. Thank him that he has you on his shoulders and will not let you go.
